Player

Player data is used in the Field, Battle and Menu programs.

- Characters given to the player throughout the game are initialized with [Character Start Up Stats](#).
- Items ([Item Data](#)) are objects of quantity acquired ingame.
- Spells ([Spell Data](#)) and [Battle Commands](#) ([Battle Command Data](#)) are abilities learned by characters in the game.
- Spell learning happens with [Esper Data](#) or [Natural Spell Learning](#). Spell learning is also available through equipment (items).
- Some game mechanics such as [Condition Effects](#) and Elements have a fixed format. They can be associated with Items, Spells, Monsters or Characters.
