

Utility Page Description

This page explain the **Utility Page Template**.

Demo Page

The utility demo page is available [here](#).

Demo Page Explanation

- **~~NOTOC~~** at top of page is required for no table of content.
- **===== utility name here =====** is replaced by the utility name. As an example **===== FF3usME =====**.
- **<WRAP group><WRAP column 90%>** gives the width of the info table. Likely something like 40% or 50% is enough for a table that doesn't have all tags so adjust % after filling the table. The image is normally 256px wide so in case of a smaller image increase the percentage.

The following table has images available. Use the one that fit the most the utility.

\\{ {pagetemplates:title:ff3us.png} }

\\{ {pagetemplates:title:ff6j.png} }

\\{ {pagetemplates:title:ff6a.png}} \\
