

Monster AI Scripts

Monster AI scripts are located in FINAL FANTASY

VI_Data\StreamingAssets\Assets\GameAssets\Serial\Res\Battle\MonsterAI. Each one is referenced in monster_ai_script.csv as script_name and the corresponding ID is referenced in monster.csv in the field script_id. Each monster using a script has the same name as that script (e.g. sc_ai_514_Covert is technically used for the 3 Covert enemies, IDs 514, 564 and 565), except for instance with the Guard script that is used for unnamed special monsters (IDs 371, 376, 377, 379, 380, 381, 383, 384, 392 and 398). AI scripts with no monster ID in the below table have no reference in monster.csv.

Mnemonic List

There are 69 monster AI mnemonics/commands across all the AI scripts (including unused scripts).
