

Insert Manually a Song Available on the Forum

Getting the correct tools and files

We'll be using the FFIV song "The Prologue" from our [Song Database](#). The other thing you will need is a hex editor. There are many you can choose from but I'd suggest one that has a copy selection, paste-write and paste-insert functionalities. One good all purpose hex editor is [HxD](#) and this is what has been used to take the screenshots below.
