Description

This editor allow editing of everything that touch maps except tilesets. You can modify and add / remove exits, NPCs, event triggers, chests and modify tilemaps. You can also edit maps properties and palettes. It is a mandatory editor for anyone wanting to make a complete hack.

There have been other versions built on this one, namely [FF6LE Rogue](#) and [FF6LE Rogue CE](#). There is also a version that can work with the FF6j ROM (see below).
